

Before 2000 bern was almost well known as a dj performing techno/funk/house set in many clubs and parties in the north of france and in belgium.
 At that time with k-rym they released their first 12" on there own label "tenac-c".
 Since the birth of his son bern widened his musical approches and feelings of electronic song-scapes.
 By weekly playing in the "studio 1" local radio show with tez and jonas bering. he gets some "raw influences" that he injected through his new musical projects with success :
 in 2003 his track "loann" feature on bbc 1 r.hawtin dj set track listing !
 Now bern explores new rythms & sounds on many labels and postair the one he has created with jonas bering and tez.
 Molair is his new musical project with tez, "rock minimal dub" oriented available soon.
